LEADERSHIP SUMMIT AT IIM AMRITSAR

Indian Institute of Management, Amritsar, successfully conducted the second edition of the leadership summit, Aarohan'23, on January 29. The summit provided students with a holistic view of how a manager can handle different situations to respond to a cohesive and competitive market with varying conditions. In line with the idea, the theme of the summit was, "Innovate, Integrate and Motivate", focusing on how industries invent and re-invent and how they integrate these innovations in the right way, which would add value and motivate the workforce. Nagarajan Ramamoorthy, director, IIM Amritsar, addressed the gathering. The speaker list comprised many eminent names from the industry. Venkitraman Anand, talked about the transition the concept of innovation has been through over the years. Sumit Mundra highlighted that companies are currently known for innovational capabilities and engaging workforce. TNS
